17th MAY **LOOKING AT THE DARKNESS IN OUR WORK: UNDERSTANDING OUR RESPONSES TO LOSS AND HARDSHIPS FROM A PLACE OF DIGNITY AND HOPE**

Novotel Hotel Parramatta

Community workers 'show up and do the hard stuff' every day. In this experiential workshop, Vikki will explore how we respond to the hardships and loss within our work. We will strategise responses that support the worker and our clients, while honouring our humanity and fostering cultures of hope.

18 MAY **TRAUMA AND RESISTANCE: WITNESSING SOCIAL INJUSTICE**

Novotel Hotel Parramatta

Acts of Resistance present in many different forms. In this experiential workshop, Vikki will challenge us to honour the people who we work with in their responses to violence and oppression. She will present a de-colonising, anti-oppressive perspective and create a 'witnessing culture', a collective approach of solidarity in our work with trauma. This alternative way of working, prioritises safety, agency and cultures of vicarious resistance.

19 MAY **VIOLENCE & RESISTANCE: WORKING TOGETHER TO CHANGE THE CULTURE OF VIOLENCE AND RAPE**

The Carrington Hotel Katoomba

Feminism is for everyone. In this experiential workshop, Vikki will address our collective work to resist and transform the culture of rape and violence. What are the structural oppressions that create the conditions for ongoing oppression? And what creative responses can be considered to those who are victimised by assault, and to those who commit assaults? This insightful workshop will address these questions and more.
